

Summary (2014-2018)

- Evidence Briefs – two- to four-page summaries of research findings (13)
- EHPISA Shorts – brief reports focussing on specific aspects of research, interim findings, including portfolio messages (12)
- Summary reports – 10-15-page reports on critical reviews (5)
- Infographics (5) and film (1)
- Posters (3)
- Updating of website, newsletters, social media

Adolescent portfolio

- Mzantsi Wakho: The missing link in HIV prevention. How “cash plus **care**” can reduce HIV transmission among adolescents in Southern Africa (5pp).
- The Empower study: An evaluation of a combination HIV prevention intervention that includes oral PrEP for adolescent girls and young women in South Africa and Tanzania (3pp).
- The Girl Power study: How youth-friendly health services can improve the uptake of HIV and sexual and reproductive health services by adolescent girls and youth women in Lilongwe, Malawi (2pp).
- P-ART-Y Strengthening HIV programmes for adolescents in Zambia (4pp).
- Adolescents and HIV: Defining adolescents, (2pp) .
- Adolescents and HIV: Age disaggregation, (2pp).

Cross-cutting critical reviews

- Policymakers and evidence for HIV prevention (2pp).

MSM portfolio

- Together Tomorrow: understanding the HIV prevention needs of men who have sex with men (MSM) and their partners in South Africa and Namibia (3pp).
- The Anza Mapema Study. Sexual Health of men who have sex with men in Kisumu, Kenya (2pp).
- The Transform study: Strengthening the design of HIV prevention interventions for men who have sex with men in Kenya and South Africa (2pp).
- Sexual health and HIV services for men who have sex with men in eastern and southern Africa: a situation analysis (3pp).

Prisons portfolio

- Treatment as prevention in correctional facilities in Zambia and South Africa (2pp).
- HIV and TB services and surveillance in correctional facilities assessment of policies, practices, and performance in Malawi, Lesotho, Namibia, Swaziland, and Zambia (3pp).

EHPSA “knowledge products”: EHPSA Shorts

- Working with traditional leaders (Together tomorrow) (2pp).
MSM cross portfolio messages: Men who have sex with men and HIV prevention (2pp).
- MSM portfolio message 1: MSM are not taking up HIV prevention opportunities (3pp).
- MSM portfolio message 2: Health workers need training to deliver sensitive and clinically competent MSM HIV services (4pp).
- MSM portfolio message 3: Mental health services are necessary for a holistic HIV prevention and care package for MSM (3pp).
- Researching key and vulnerable populations. The research landscape in eastern and southern Africa (3pp).
- Nothing for us without us. Key population engagement in HIV research (3pp).
- The Kenya model of research into policy (4pp).
- Resources for key populations (3pp).
- Social and behaviour change interventions in HIV prevention for adolescents: 1. Perceptions of key informants (3pp).
- Social and behaviour change interventions in HIV prevention for adolescents: 2. The role of SBCC in biomedical interventions. (4pp).
- Let your research do the talking. EHPSA's approach to policy-relevant research (3pp).

- What works? Combination prevention for adolescents. Evidence from EHPsa (3-minute animated film, presented at IAS 2018, Amsterdam).
- How do policymakers use HIV prevention evidence?
- Adolescent – who are you? A 15-year-old can be a child, an adolescent, a young person or an adult.
- HIV prevention and MSM: a cycle of challenges.
- Research and key populations in eastern and southern Africa.
- Resources for HIV prevention for key populations.
- How do policy makers use HIV prevention evidence.

- Evidence into action for vulnerable groups (SA AIDS conference, 2017)
- The precarious balance between evidence and policymaking (AIDS2018)
- Listen to the experts: How policymakers and influencers like to receive evidence (AIDS2018, Amsterdam)

- ❖ 2014 to 2019
- ❖ A repository of all information about, and evidence from the programme (41 pages).
- ❖ Included Twitter feed, blogs and photographs.
- ❖ Offered downloadable documents.
- ❖ Hosted newsletter: EHPSA Prevention News; EHPSA bulletin
- ❖ Provided insights into user preferences and useful lessons on dissemination.
